### **DETAILED ACTION**

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 5-8 recite the limitation "at a temperature kept **to from** 350 to 600 degrees C", which make the claims indefinite, because it is ungrammatical.

### ***Response to Arguments***

Applicant's arguments with respect to claims 5-8 have been considered but are moot in view of the new ground(s) of rejection.
